Mariam Hesham Ramadan - Junior Frontend Developer

mariam.hesham.ramadan@gmail.com   **GitHub**   **LinkedIn**   **01066135369**   **Portfolio**

SUMMARY

Junior Frontend Developer with 1 year of experience building responsive, user-focused web applications using Angular and React.js. Skilled in REST API integration, UI/UX best practices, and performance optimization. Experienced in Agile/SCRUM teams with strong problem-solving and collaboration skills. Passionate about delivering scalable, high-quality solutions.

EDUCATION

Bachelor's degree in Computer Science, Future Academy Cumulative GPA: 3.6/4.0 (B+)   Nov 2019 – Jun 2023

EXPERIENCE

Junior Software Engineering at Soft-Trend   Oct 2024 – Dec 2024

Resolved marketplace bugs, improving system stability and user experience.
Applied SCRUM practices to deliver timely and efficient solutions.

PROJECTS

Shop.co React.js Ecommerce 🔗

Built a responsive e-commerce frontend with React, Tailwind CSS, Redux, and React Router, improving user browsing and checkout efficiency. Implemented product browsing, filtering, cart & checkout, reviews, and authentication. Integrated with REST API using Axios and handled forms with Formik & Yup, reducing form submission errors by 20% and improving overall user experience.

All-In-one E-Commerce 🔗

Built a modern, responsive online store with Angular 17 using Standalone Components. Implemented product browsing with search & filters, cart & wishlist management, authentication, protected routes, and mock checkout. Optimized performance with Lazy Loading and Angular Signals.
🔗 GitHub: https://github.com/Mariam-Hesham88/E-commerce-Angular

Graduation Project – Citizen-Hub (Angular | .NET Core | Python)

Collaborated on an AI-powered web application simplifying citizen-government communication. Features included registration, complaint submission, and AI-based complaint analysis. Achieved Grade: 4/4 (A+)

COURSES

React JS at Route Academy
Digital Egypt Pioneers Initiative (**DEPI**) .NET Full-Stack Course. 🔗
Mastering Angular +17+ E-commerce App, **Udemy** 🔗

SKILLS

- **Frontend**: Angular, React.js, TypeScript, JavaScript, HTML5, SCSS, Bootstrap, Tailwind CSS, API Integration, Angular Signals, Component-Based Architecture, State Management
- **Tools**: Git, GitHub, Visual Studio, SQL Management Studio, Postman, Swagger, NPM, CLI
- **Concepts**: OOP, Lazy Loading, Responsive Design, RESTful API Integration, Micro-Frontend, Agile/SCRUM, UI Principles
- **Soft Skills**: Problem Solving, Team Collaboration, Communication, Time Management
